

# Bikehangar

The Bikehangar is a popular design for outdoor sites. Its galvanized mild steel construction with a gas sprung door and perforated side panels offer a safe and effective way to protect bikes from tough weather conditions and vandalism.

It is an effective street de-cluttering design which can store up to six bicycles and only occupies half a parking space.

## Technical Specification

- Stores up to six bicycles.
- Gas sprung door which remains open at the required height.
- Can be placed in half a parking space.
- Provides a safe and dry storage space.
- Optional powder-coating available.

## Dimensions

- Length 2580mm
- Width 2030mm
- Height (open) 2165mm
- Height (closed) 1370mm

## The Rental Scheme:

Cyclehoop are working alongside councils to run the Bikehangar scheme. Local residents living next to the facility can apply to Cyclehoop for a cycle parking space within a Bikehangar. For a small annual membership fee they will receive a key to gain access to a cycle parking space. Cyclehoop will manage the scheme and maintain the Bikehangar's for the duration of the contract.

The scheme is accessible via an online portal on our website. For more information visit: [www.cyclehoop.com](http://www.cyclehoop.com)
